Illustrated Parts Breakdown

This Illustrated Parts Breakdown (IPB) Catalog has been compiled from the latest product information available at the time of publication. Quantum Rehab® / Pride Mobility Products® Corporation / Baja® Mobility reserves the right to make changes and updates to this manual and to the product(s) it represents. Any changes, updates, or improvements to the product(s) may result in slight differences between this manual and the product that has been purchased.

An IPB is a graphically portrayed parts listing of product components which have been deemed to have serviceable, maintenance significance. When applicable, IPBs utilize “exploded” illustrations that detail serviceable components and a corresponding itemized parts list of reference numbers, part numbers, descriptions, and quantities. Most product components are incorporated into assemblies and may not be available for replacement.

Serviceable components will be noted by a callout in the illustration that will correspond to a alphanumeric reference number in the parts list. Items may also be listed in the parts list by parent assemblies. In most cases when a parent assembly is listed, there will be child parts or sub-assemblies listed under that parent.

For example: The parent assembly reference number is A1 — A5. That part contains all of the items listed as and contained within A1, A2, A3, A4, & A5. As long as these subcomponents have a callout and a part number associated with them, they can be selected for replacement or quote.

Updates to the contents of an IPB will be made on a regular basis based upon applicable product changes and enhancements. This PDF catalog can be exported from the Provider based service site. The most up to date parts look up tool and ordering application is located at: www.pridemobility365.com. Please utilize this system to enhance your user experience. It is built with highly interactive materials that are set with relational properties that will facilitate easier part look-up, more accurate parts selection, and links to related documents and products.

Thank you for choosing products from Quantum Rehab® and Pride Mobility Products® Corporation.
